[Collect 2021](#)

26 February - 2 March 2021

For Collect 2021 - the international art fair for contemporary craft and design - this unrivalled event will take place online, a first in its 17 years since it was established in 2004 by the Crafts Council.

Having been hosted in three majestic venues to date; the V&A, the Saatchi Gallery and most recently, the resplendent Somerset House, we invite you to experience our virtual '[booth](#)'.

All works presented have been created by 13 of our best artists who have triumphed over adversity, proving that art can and will be made. We may be living more virtually but we wish to share with you the joys of tangible, material-made, hand-crafted, exquisite new creations.

Collect is the only gallery presented art fair dedicated to modern craft and design providing an opportunity to discover as well as invest in exceptional contemporary work, much of which is made exclusively for the event.

Vessel gallery is a valuable resource for artists, museums and collectors. Numerous artworks have entered prestigious public collections as a direct result of the Gallery's exhibitions and advocacy.
