Crafting a Difference  
at the Argentine Ambassador's Official Residence  
4th - 10th October 2021

Vessel Gallery is honoured to be participating in a new show for London Craft Week.

Offering a rare opportunity to visit this magnificent and historic residence designed by Thomas Cubitt, in the heart of Belgravia, an exclusive selection of some of the world's finest contemporary objects will sit within this opulent interior. Rooms to explore include the Ambassador's office, the formal dining room and the grand ballroom.

Curated by Andrea Harari & Brian Kennedy, the exhibition will bring together over 200 works in glass, ceramics, wood, metal, textiles and paper by over 30 artists carefully selected from the five galleries; Cavaliero Finn, jaggedart, MADEINBRITANY, Ting Ying Gallery and Vessel Gallery.

Presented artworks will populate the rooms offering an inspiring dialogue with the fabric of the building, as contemporary sits alongside the grand historical chandeliers, works of art, furniture, tapestries and mirrors within the building.
