Combining exceptional glass making skills with a novelist's ability for storytelling, Walker literally sculpts his glass, creating artworks that are the essence of curiosity, inviting the viewer closer.

His Still Life compositions have the poise of classical paintings. Symbols of domestic life are carefully balanced with the transient. Luscious exotic fruits and foods are bisected revealing their richly coloured interiors, these will never decay but are permanently held in this fleeting moment.

Walker can also create pieces to commission, please contact the gallery for further information.
