CONTEMPORARY ART GLASS & LIGHTING

Balustrade Collection
by Simon Moore

Balustrade Collection
by Simon Moore

Balustrade Table Light

Balustrade is our first complete collection of lighting and objet d'art produced in collaboration with Britain's foremost glass maestro, Simon Moore.

Comprising of outstanding lamps, chandeliers and accessories aimed for luxury interiors and discerning collectors, all pieces are handcrafted and engineered in the UK. Vessel Gallery - founded in 1999 - has worked with Simon Moore from the very beginning, after a series of highly successful solo exhibitions and bespoke commissions comes this exquisite new collection.

As part of an ongoing programme of Vessel Editions, working with studio artists, Balustrade with its Neoclassical simplicity resembles an individual statuesque baluster and is available in a selection of different shapes and colours with the possibility to be personalised and developed for individual projects.

Commissions and Artworks by Simon Moore

Moore's glass skills can be commissioned for both bespoke residential projects or corporate environments. We pride ourselves in working locally and hand made in the UK. From private collectors to international projects we can offer a fully tailored service from concept to design, batch production to one-offs. A great deal of care is put into every piece and every part of the process involved from the conception to the making is of outstanding superior quality. Here you will find various pieces aimed as inspiration and reference, showing Moore's range of talent.
