TRESOR Contemporary Craft
21-24 September 2017

Vessel Gallery is based in Notting Hill, London and was founded in 1999 to represent British and international, emerging and established, contemporary studio artists.
The gallery's expertise lies in all aspects of contemporary art glass but also specialises in works created in ceramic, metal & wood.

For this first TRESOR Contemporary Craft, all works have been carefully edited to show an unparalleled array of contemporary art, craft and design. Collectively pushing the boundaries of these technical and physically demanding materials, each artist with their unique aesthetics, have only one thing in common, a daring drive and passion to challenge their chosen materials in innovative ways, taking them to new limits. All have exhibited extensively within the UK & World Wide and have created brand new pieces for this event.

Vessel also consults for interior & corporate projects and private commissions, providing the opportunity to have a truly bespoke service with unique works conceived through dialogue with the client. The gallery is a valuable resource for artists, museums and collectors. Numerous artworks have entered prestigious public collections as a direct result of the Gallery's exhibitions and advocacy.
